

Wire Frame for Home Page

Wire Frame For Registration Page

A wireframe for a registration page. The page has a light gray header bar with three colored circles (red, yellow, green) on the left and the text "Registration Page" on the right. Below the header, there are four text input fields stacked vertically, each with a light gray border and a light gray background. The labels "First Name", "Last Name", "Email Address", and "Password" are centered within their respective input boxes. Below the input fields is a blue rectangular button with the word "Submit" in white text. The entire form is enclosed in a light gray border.

Wire Frame for Location and weather

The wireframe shows a window titled "Location&Weather" with a standard macOS-style title bar (red, yellow, and green buttons). The main content area contains four text input fields arranged in a 2x2 grid. The top row contains "From City" and "From State". The bottom row contains "To City" and "To State". Below the "From City" field, there are two blue buttons stacked vertically: "Get Directions" and "Get Weather".

Location&Weather	
<input type="text" value="From City"/>	<input type="text" value="From State"/>
<input type="text" value="To City"/>	<input type="text" value="To State"/>
<div><div>Get Directions</div><div>Get Weather</div></div>
